AIR SPRING

NOTE: All previous editions are no longer valid after new published catalogue.

Products sold by AUGER are not original parts but they are interchangeable with them and they are sold under our brand.

All original equipment manufacturers (OEM) numbers, symbols and descriptions are used for identifications purpose only. They will not be used in delivery notes or invoice to our customers.

We cannot accept any responsibility for errors which may occur from the printing etc. This catalogue is not permitted to be reprinted or duplicated even partially without our prior written permission.

We reserve the right to make technical changes and design modifications.

The information provided in this catalogue has been researched and prepared with utmost care. However specifications, descriptions and illustrative material contained herein are subject to possible changes without notice. We do not accept liability for any errors in this issue.

AUGER frequently updates and improves its products. AUGER may discontinue to offer or modify its products at any time. Please consult your AUGER country representative for specific product information.

The brand AUGER® is a registered and protected trademark.
Registration numbers are; CTM 14965834, M 2014 00939, DE 302014055048

Explanation of the used terms in this catalogue;

Replaces: The spare part which shown is a product of AUGER® brand, it can be used instead of the original spare part of the vehicle manufacturer.

Replaces No with "S" letter: The spare part which shown is differs from the original spare part or repair kit but it is still interchangeable with them. Please pay attention product descriptions or ask your country representative for these differences.

Suitable for: The spare part which shown is suitable for the listed vehicles, models, product types etc.

Thank you for choosing AUGER products.

Auger
GERMANY

BEST QUALITY PRODUCT RANGE

We would like to provide you the best quality spare parts for each brand across the world in the Independent Aftermarket. Therefore, we have shaped the operations within the company according to this basis prudentially. Several different kinds of modern control and audit systems have been testing all of our products. As well as the quality of material, we also pay special attention on mounting reliability. In this sense, you can get from Auger many parts of which you may not even find any alternatives in the aftermarket. We have been improving the quality of our products constantly by the help of Technical Inspections Organization (TUV).
