Aligned with customers' demands

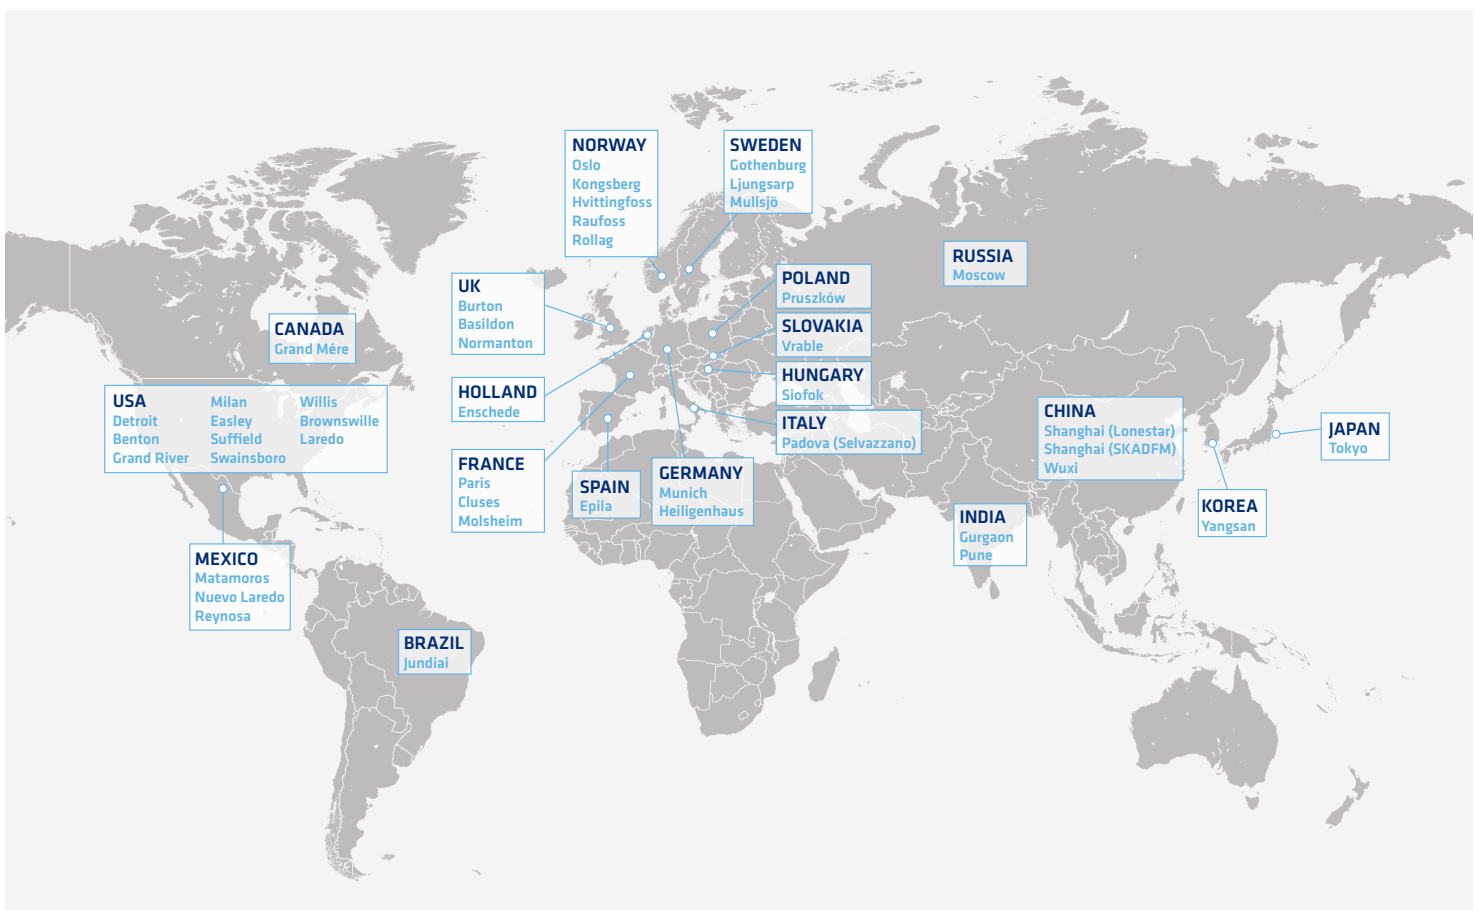

Close follow-up of deliveries is important to customers' success. Potential deviations are therefore resolved at an early phase or eliminated through product modifications. Kongsberg Automotive follows up after-market sales through close contact with vehicle manufacturers and dealers, as well as end users.

Our manufacturing facilities and sales offices have a global reach, enabling us to optimise production and to be close to our customers.

We provide professional service to our customers within:

- ▶ Sales and logistics
- ▶ Product function training
- ▶ Product installation training
- ▶ Product repair training
- ▶ Warranty handling

Kongsberg Automotive has a global network of distributors to ensure rapid delivery to all corners of the world. See our webpages to find the distributor covering your country.

Our business

Kongsberg Automotive is a global provider of engineering, design, and manufacture for seat comfort, driver and motion control systems, fluid assemblies, and industrial driver interface products.

Our product line includes systems for seat comfort, clutch actuation, cable

actuation, gear shifters, transmission control systems, stabilizing rods, couplings, electronic engine controls, speciality hoses, tubes and fittings.

We target the automotive, commercial vehicle and industrial markets.

Our mission

Kongsberg Automotive provides world class products to the global vehicle industry. Our products enhance the driving experience, making it safer, more comfortable and sustainable.

We secure growth and create stakeholder value by:

- Making the health and safety of our employees and the quality of our products a top priority.

- Developing unique solutions for growing market segments, while continuously focusing on improving our processes.

- Having the most passionate, accountable and prepared people, striving to be the best possible partner for our customers and suppliers, creating a company that we're proud to work for.
