

CATALOGUE PRESENTATION

This catalogue is organised by **Vehicle Type in two sections :**

1. LCV (Light Commercial Vehicles)
2. HDV (Heavy Duty Vehicles)

This catalogue also covers most popular calipers on the market today.

Cross-reference information begins on page 6. All possible part numbers are cross referred to TT n° in alpha numerical order. (Knorr, Volvo, Meritor, Scania, Daimler, Wabco etc...)

Typical **exploded views** of most key models are shown in the kit section, to help you choose correct the repair kits.

WARRANTY TERMS

All calipers are covered by a One Year Warranty, valid worldwide.

Most TT Calipers are sold in Europe and are covered by a Pan-European Warranty System whose participants are :

 TRUCKTECHNIC S.A.	_____	BELGIUM
 TRUCKTECHNIC FRANCE	_____	FRANCE
 TRUCKTECHNIC IBERICA	_____	SPAIN
 GGN DI GORGOGLIONE NICOLA	_____	ITALY
 LEUVEN BEDRUF SWAGENONDERDELEN	_____	THE NETHERLANDS
 TROND HORG ELLINGSEN A/S	_____	NORWAY
 PRO TECH LKW SRL	_____	ROMANIA
 TIS ZAO TECHNICAL	_____	RUSSIA
 POLMOZBYT JELCZ	_____	POLAND
 POVILASKAS A. ENTERPRISE	_____	LITHUANIA

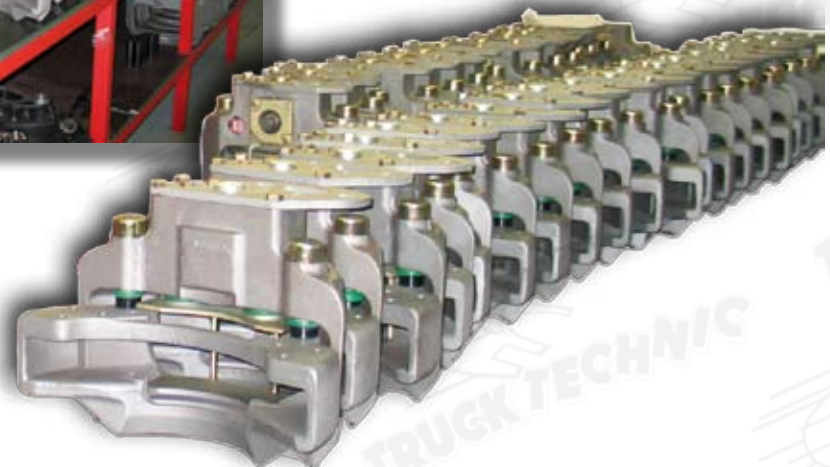

Should TT rebuilt caliper, sold by any of the above companies, break down in any of these territories, calipers will be replaced "No questions Asked", pending our Warranty Report. Replacement calipers are invoiced, and credited should the warranty be accepted.

Introduction

Ever since the introduction of disc brakes on Heavy Trucks and Buses, Trucktechnic has been investing in rebuilding capacity.

Today, a specialised 400 m² workshop is fully operational, with a high rebuilding capacity and independent engineering support.

Degreasing machines

Blasting machines

Degreasing and blasting machines, conceived especially for the job, can handle more than 200 units daily.

Temperature resistant paint (400 C°) is applied to all caliper bodies after blasting.

By investing extensively in our own spare parts and repair kits, as well as consuming high quantities of essential ORIGINAL spare parts from market leaders Knorr-Bremse, Arvin Meritor and Brembo, we achieve **high production efficiency**. Consequently, apart from main body components, very **few old parts are re-used**, and then only after careful **quality control**.

Assembly is carried out using **the specialised tools** recommended by the manufacturer, with scrupulous regard to the original specification.

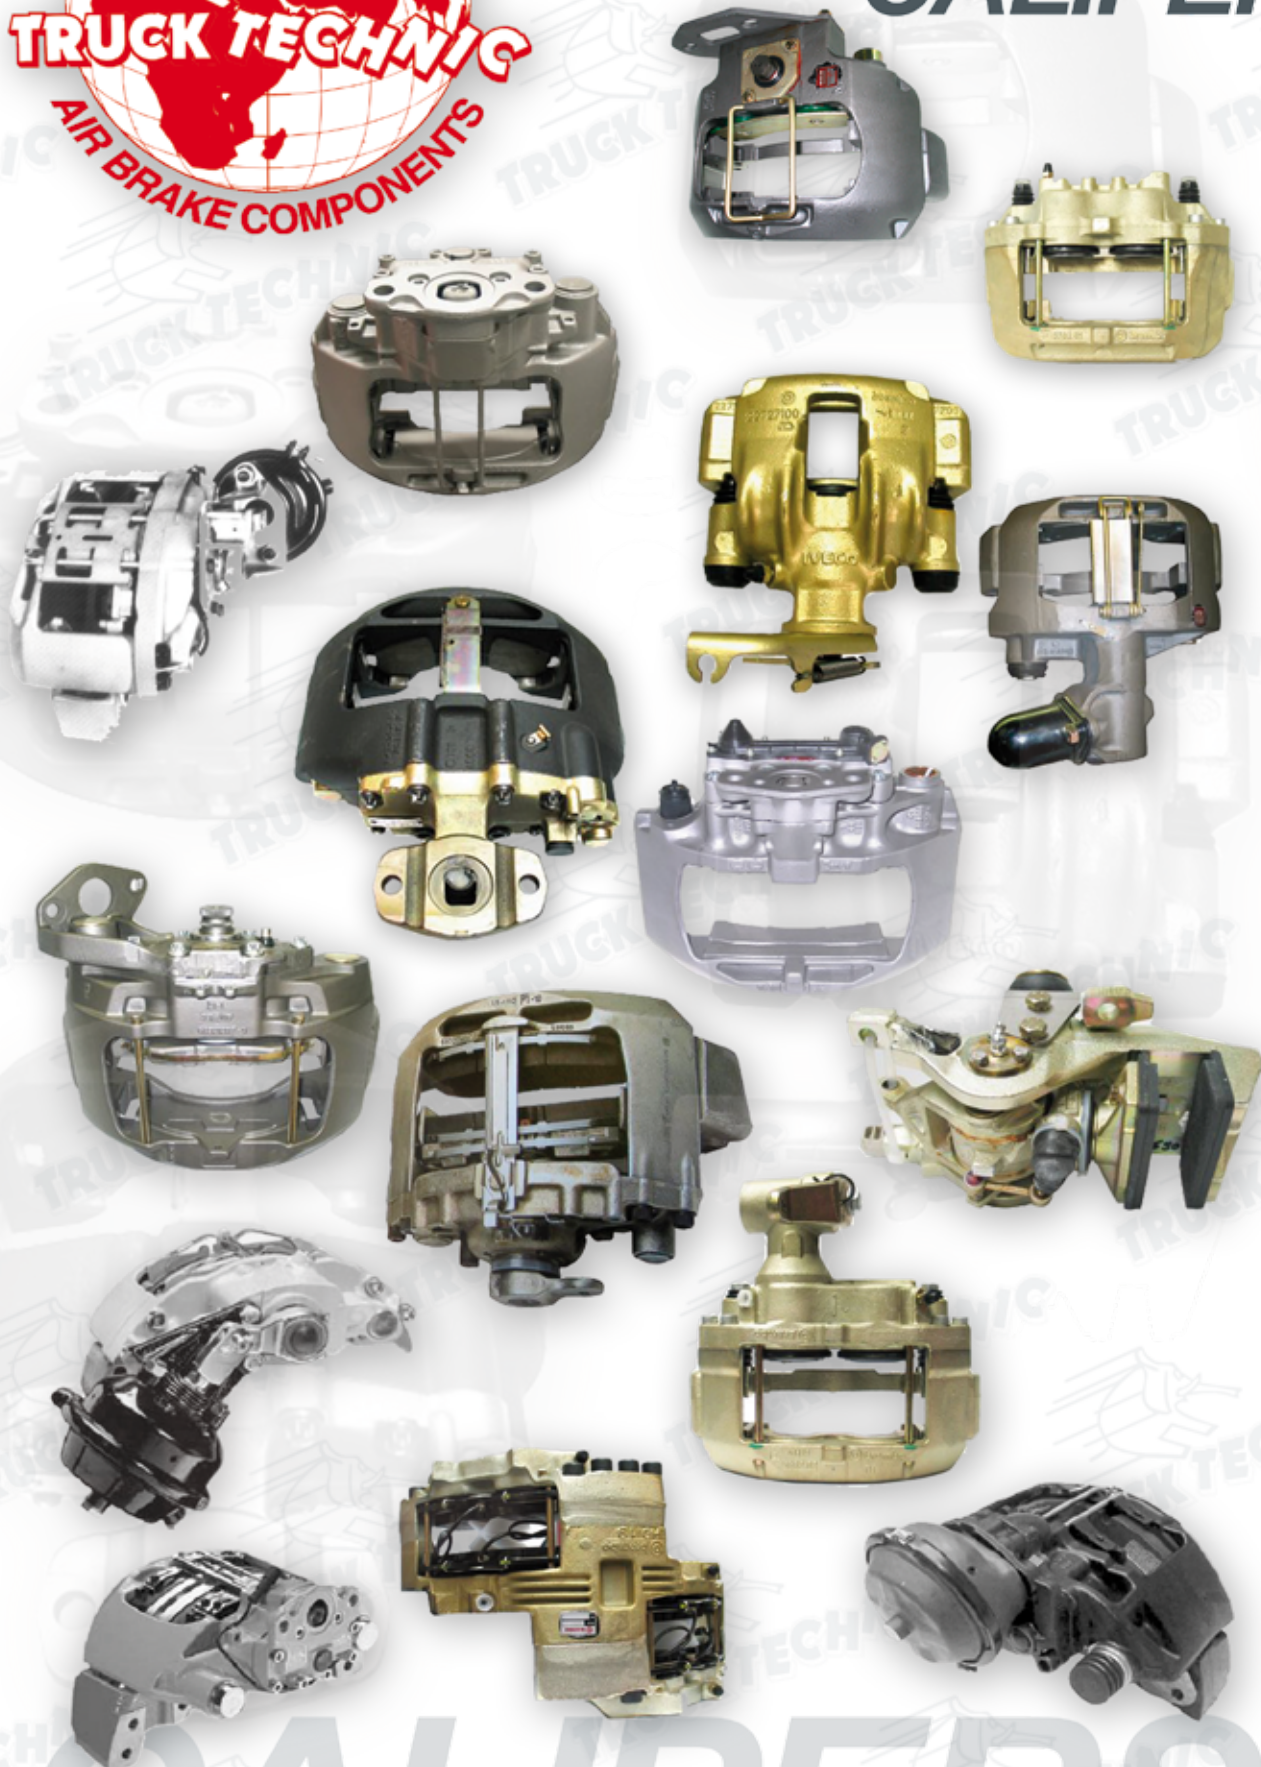

Caliper testing and adjustment is carried out strictly according to manufacturer's instructions, using their own specified electronic equipment.

General catalogue HEAVY DUTY VEHICLES

QUALITY IMPROVEMENTS

One of the biggest problems preventing Disc Brakes from operating properly is **RUST**.

Water, salt, heat and dirt make the **GUIDE PINS** on which the caliper slides **RUST NOT OURS !**

TRUCKTECHNIC HAS DEVELOPED GUIDES IN SPECIAL ALLOY WHICH DOES NOT RUST

COMPARATIVE QUALITY TEST

We carried out some salt spray tests on **ORIGINAL PINS** from various makers and our own

OEM guide pin after 2 hours

(+/- 3 months on a truck)

OEM guide pin after 6 hours

(+/- 9 months on a truck)

OEM guide pin after 12 hours

(+/- 18 months on a truck)

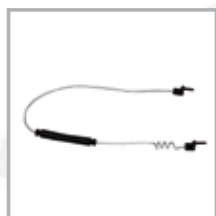

TRUCKTEHNIC guide pin after 12 hours

CONDITIONS OF SALT SPRAY TEST

- 1 1.5 % NaCl of the spraying air (NaCl 40 g/l)
- 2 PH value : 6.5
- 3 Pressure in 1 Atm
- 4 Spraying volume (ml/80cm²/h) 1.0 ~2.0
- 5 Temp : 35°
- 6 Humidity: 85 %

D3 TYPES OF MERITOR CALIPERS

LRG524 /25 /26 /27 /28 /29 /32 /33 /622 /623 Types

	TT KIT n°	CMSK.24.5		TT KIT n°	CMSK.25.5
	Maker	MERITOR		Maker	MERITOR
	OR kit n°	-		OR kit n°	-
	Description	Small clutch system (left)		Description	Small clutch system (right)
	Application	LRG524 /26 /28 /32 /622		Application	LRG525 /27 /29 /33 /623
	TT KIT n°	CMSK.24.6		TT KIT n°	CMSK.24.7
	Maker	MERITOR		Maker	MERITOR
	OR kit n°	-		OR kit n°	-
	Description	Wavy washer		Description	Shaft roller bearing
	Application	LRG524/25/26/27 /28/29/32/33 /622/23		Application	LRG524/25/26/27 /28/29/32/33 /622/23
	TT KIT n°	CMSK.24.2		TT KIT n°	
	Maker	MERITOR		Maker	
	OR kit n°	-		OR kit n°	-
	Description	Thrust ball bearing		Description	
	Application	LRG524/25/26/27 /28/29/32/33 /622/23		Application
